## DIAGRAM AND DIAGRAM KEY

The HS-21 is a switcher for your PC and telephone. Push the button on the HS-21 to select the two modes, telephone and PC. Additionally, the HS-21 may record sound from your telephone using software on your PC. With a headset, you can have an efficient set-up at your desk.

## INSTALLATION

Note: The amplifier is optional. You can connect directly into the telephone headset port.

TEL/PC Selector Switch

Headset Jack

PC Jack

## SAFETY

For your own safety, this product should only be used with CE and RoHS approved equipment. Using this headset with non-approved equipment would void the warranty of this product.

## DISPOSAL OF YOUR PRODUCT

Municipal waste stream. Old appliances must be collected separately in order to optimise the recovery and recycling of the materials to reduce the impact on human health and the environment. The crossed out "wheeled bin" symbol on the product reminds you of your obligation that when you dispose of the appliance, it must be separately collected. Consumers should contact their local authority or retailer for information concerning the correct disposal of their old appliance.
