

HS-3500

corded call center headsets

MS Lync compatible headset – two in one

PRODUCT DESCRIPTION:

Do you want something more? Do you dislike being disturbed during a call? Would you rather not compromise excellent audio quality? Then this headset is for you! The HS-3500 represents the higher-end of MS Lync (Skype for Business) USB headsets. The crystal clear audio, premium audio experience, exceptional noise-cancelling microphone with increased comfort, is the only model with breathable, real leather ear cushions. What makes the HS-3500 so unique is the built-in busy signal. In online mode the green light turns red, ensuring that your call does not get interrupted. Just like our other USB models, thanks to its Plug&Play technology installation is easy. Once connected the device is ready to use. The USB controller located on the cord can be used to manage calls, control the volume and the mute function.

HS-3500D-USB duo version

HS-3500M-USB mono version
